

Hamilton Rent-to-Own Homes								
Examples of buyout prices and monthly payment options based on the initial purchase price (300K to 500K)								
Last updated: September 2019								
Please note: 1: All monthly payments below are estimations. Final numbers may differ slightly and will be provided to you before you make a decision to commit to a property. 2: Monthly payments in this table are based on \$3,000 annual property tax. If the tax is higher then 1/12th of the difference will be added. 3: Monthly payments shown in this table do not include utilities. All utilities as well as all maintenance, repairs, and a tenant content insurance policy are tenants' responsibility. 4: Besides the downpayment shown in the table you will need to pay Ontario land transfer tax and your lawyer fees when buying out the house.								
RTO annual appreciation: 6% for years 1-2, 5% for years 3-4. Closing/setup for the initial purchase: 1K per 50K of the purchase price								
Initial purchase price	Payment programs	Monthly rent	Credits per month	Credits in 2 years	Credits in 3 years	First two years buyout & minimum downpayment	3rd year buyout & minimum downpayment
